

SACOP Report

October 2004

Submitted by Gill Kendrick, Chair

- 1) Remind those Chiefs attending the IACP in November that their voice can help carry an amendment, adding (3) three seats on the IACP Executive Committee, for more representation for smaller agencies. This will increase the committee from (4) four seats to (7) seven seats.

- 2) Request input from members of the association regarding the most pressing issues facing local agencies in Homeland Security that I can supply to the Education and Training Committee IACP.
